By the time you read this we will already have had our 'Eyes Down'
on Saturday March 24th!!!!

Modern Bingo started life back in the 1500's in Italy as a form of Lottery known as 'Lotto d' Italia', Lotto means fate or destiny. Some three centuries later this game which had by then spread through Europe was exported from Europe to America with the help of travelling carnivals. 'Le Lotto' is still played every Saturday in France. In America by 1929 it was being played as Beano because red dried beans were used to cover the numbers. However a similar ancient Chinese game of Keno had been brought to America by Chinese immigrants and the two games eventually merged to become Bingo! In the 1930's Toymaker Edwin Lowe realising how popular the game was becoming, obtained a licence to print Bingo Cards. He maintained that a tongue-tied winner shouted Bingo instead of Beano at one of the first public Beano games and the rest is history!

So if you fancy a game of good old fashioned Bingo in the company of Kelly's eye, the two fat ladies, flirty Gertie, Winnie the Pooh, and the old brags - especially if you are under doctor's orders - which can be unlucky for some; then join us for a family Bingo session at the Village Hall. We hope this will be the first of many such events which will also go towards supporting the local youth club. Other dates to follow
